GOING PLACES

## 2017 Fun Under the Sun Notes

### General Info

This is our fourth year at the Nethercutt Museum which houses one of the best collections of vintage American and European automobiles around. They are located in Sylmar, which is in the northern most corner of the San Fernando Valley. Housed in a beautiful climate controlled building is approximately 250 cars which are fully functional and driven to events and in parades. Also housed inside the museum is an extensive automotive library open to researchers and a great collection of vintage hood ornaments and other automotive accessories. Across the street from the museum is the Nethercutt Collection which houses another fabulous collection of cars and one of the best collections of mechanical musical instruments around – Pipe organs, player pianos, nickelodeons, music boxes and phonographs. Entry into the Collection is by guided tour only and we have been granted reservations for car show participants. Registered participants to the show will have passes to the guided tour at 10am during the day of the show. The tour is a real must if you love beautiful automobiles, and music.

### About the Judging Classes

There are three types of entrants to the show.

Manufacturer / Blue Cards – these are the builders and seller of cars and kits.

After-Market / Pink Cards – these are suppliers of components, supplies, or services. There are no judging classes assigned to this category.

Private Entry / Yellow Cards – Privately owned vehicles being displayed.

All voting is done by you the participant and the information is placed into a custom database which takes the error out of the results - providing no-one swaps cards around during the show. The A.H.A. spends a tremendous amount of time to police the classes, cars and results but we can certainly use any help from you the participant.

***To get a vote you must have the placard displayed on your vehicle otherwise voters will not know what car/space number to vote for.***

### Extreme Handcrafted Award

At the 2006 show we began a new award aimed at the “high end” custom handcrafted cars that are beginning to be created in our industry. We called it the “***A.H.A. Extreme Handcrafted Award***” and it was to be awarded to the car that exemplifies the term “extreme handcrafted.” In the past ten years we’ve only awarded this trophy five times. Entry into the class is difficult and winning more so, making this a rare award to get. More info can be obtained on our website [www.replicarclub.com](http://www.replicarclub.com)

**Show Location:**  
**Nethercutt Museum**
